

State Employees Credit Union Scholarship Awardees 2019/2020

My name is Kinsley DeLeon and I am currently a student at James Sprunt Community College. In the fall, I will be a sophomore and will be working towards her Associates in Science. My passion for Agriculture and large animals has grown since I moved to North Carolina, and it has strongly influenced my decision in finding a career. After graduation from James Sprunt Community, I will transfer to a university for an Animal Science degree as my Pre-Veterinary studies. From there, I hope to attend N.C State University and obtain a Doctorate in Veterinary Medicine for large animals.

My name is Candace Smith and I became a JSCC Spartan in August 2017. I am attending James Sprunt Community College -and plan to receive my Associate Degree in Science with a concentration in Nursing in 2021. Upon graduation, I plan to work as an in-home dialysis nurse while continuing my education to attain my bachelor's degree in nursing from East Carolina University.
