Program holds Egg Hunt
for kids!*

YIKES!

*JSCC Electrical Program
Demonstrates Shocking
Secrets of Electricity!*

Little Kids and Big Kids!

Dr. Austin Obasohan, Superintendent of Duplin County Schools, and Dr. Lawrence L. Rouse, President of James Sprunt Community College, discovered the magic of dinosaurs with elementary students from the Duplin Public County Schools during a reading session in the James Sprunt Community College William H. Wiggs Library.

A big smiley face and a huge thank you to all the participants in the Crayons on Campus Tours for making it such a successful event!
