Household Verification Form

Your 2023-2024 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The Federal Government states that before awarding Federal Student Aid, the information that (your spouse, or your parents) reported on your FAFSA may need to be confirmed. To verify that you provided correct information, the financial aid administrator at your school will compare your FAFSA with the information on this worksheet and with any other required documents. If there are differences, your FAFSA information may need to be corrected by the school. You (and your spouse or at least one parent) must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the financial aid administrator at your school. Your school may ask for additional information. If you have questions about verification, contact your financial aid administrator as soon as possible so that your financial aid will not be delayed. *Your application cannot be processed without the requested information.*
